11. Eligibility

(a) The 'Eligibility Criteria (Qualifying Exam)' is specified in Part B of Prospectus-2025 details percentage of aggregate marks required in qualifying examination and the same will be calculated using following guidelines:

(i) In case of Programmes after 10th and 10+2, calculation of aggregate marks will be done considering best five subjects (with highest marks) in the qualifying examination. However the marks obtained in subject(s) prescribed under the respective eligibility criteria of LPU for the concerned programme must be taken into account for calculation of aggregate marks. For International Applicants, criteria for overall marks/ score as defined by awarding Board/ University will be considered. This clause is applicable for calculating eligibility as well as Scholarship.

NOTE:

- If student is not able to satisfy the eligibility criteria by considering 5 subjects as mentioned in the previous clause then all the subjects registered may be considered for calculating aggregate percentage for eligibility but in such case scholarship will not be awarded.
- If an applicant has passed the qualifying exam by appearing for less than 5 subjects, then all subjects (which will be less than 5 in this case) will be considered. However applicant must have studied and passed the subject(s) prescribed under the respective eligibility criteria of LPU for the concerned programme.

IMP: Certain Boards (e.g. ICSE) declare pass by considering 4 subjects only. However the applicant may have studied more than 4 subjects (additional subject) from such a board. Situation may arise where a student may be scoring lesser percentage by considering 5 subjects but scoring more percentage by considering 4 or lesser number of subjects as per Board's policy. So in such cases, the university may consider 4 (or lesser number of subjects) as per Board for Eligibility as well as Scholarship.

- In certain boards/institutions, part of subjects are mentioned as two separate papers in the transcript, e.g. theory & practical as two different papers, Botany & Zoology as two different papers or Mathematics I & II as two different papers. In all such cases these entities will be considered as a single subject, theory and practical paper will be considered as a single subject, Botany and Zoology as one subject and Mathematics- I & II as one subject for eligibility as well as for scholarship.
- If a student has passed the 10+2 from one board and has passed one additional subject (subject considered compulsory for taking admission in LPU) from some other Board, then for calculating percentage of aggregate marks all the subjects (both the boards) will be considered. Such an advantage will be given for Eligibility as well as Scholarship.

Illustration:

Suppose the student has obtained 300 marks out of 500 marks in Central Board of Secondary Education (CBSE Board) and cleared Maths from National Open School and scored 40 marks out of 100. If such a student is seeking admission in a Programme where Maths is compulsory then aggregate percentage will be calculated by considering 340 out of 600 i.e. 56.66%.

- (ii) In case of Programmes after Diploma, Graduation, Post-Graduation etc. the criteria for overall marks / score as defined by awarding Board / University will be considered for calculation of Eligibility as well as Scholarship.
- (iii) For an Indian applicant, if candidate has not studied English as a subject, condition of English may be waived off provided the candidate in his qualifying exam has studied in English Medium. This condition will be considered for eligibility as well as scholarship.
- (iv) For International applicant, English Language Requirement (ELR) can be satisfied by any of the following options:
 - Either candidate has studied English as a subject in 10th or in higher qualification, or
 - Qualifying Examination of candidate was in English Medium, or
 - Candidate has done IELTS / TOEFL / Cambridge English Certificate.

Important for Eligibility and Scholarship of International applicant: If International applicant is taking admission in B.Tech. (Computer Science & Engineering) programme, where eligibility is Pass in 10+2 with Physics, Mathematics and ELR then the candidate must satisfy ELR requirement from either of the options mentioned above and consideration of Physics and Mathematics in the calculation of eligibility and scholarship would be mandatory. Assuming that 5 courses are required for calculation, best 3 from remaining courses may be considered accordingly.

- (b) If a student does not have sufficient marks in qualifying examination as a whole or in a specific course, but he/she has done some higher qualification in the relevant discipline, then marks in higher qualification (as a whole or for specific course) may be considered for calculating eligibility of the student if applicable, However higher qualification is considered for Eligibility only and not for Scholarship.

- (c) Rounding off marks for calculating the aggregate marks is not allowed.
- (d) The eligibility Criteria as specified in Part-B details the percentage required in qualifying examination. However incase the issuing Board / University does not award marks / percentages and instead award Grades or Grade Point Averages, then the following criteria shall be used to determine the eligibility and / or Scholarship as applicable, unless otherwise prescribed by the University.
- (i) If the concerned Board/ University has awarded Grade Point Average for the programme as a whole, then it is the responsibility of the applicant to get, from the previous Board/ University, the conversion factor for converting Grade Point Averages, to percentage for verifying his / her eligibility criteria. In case no such conversion factor is defined by previous Board/ University/ Institute, then conversion factor as per following shall be used for determining applicant's eligibility, unless otherwise prescribed by the University.
- Conversion Factor for Grade Point Averages on 10 point Scale will be 9, Conversion Factor for Grade Point Averages on 4 point scale will be 22.5 and similarly for other conversion factor of grades of different scales
- (ii) If the concerned Board / University has awarded grades for individual courses/ subjects and not for the Programme as a whole, and has also provided the specific marks (or range of marks) corresponding to a grade, then corresponding marks (or mid value of range) shall be used to calculate equivalent percentage.
 - (iii) If the concerned Board / University has awarded grades for individual courses/ subjects and not for the Programme as a whole, and has not provided the specific marks (or range of marks) corresponding to a grade, then the following mechanism shall be considered to calculate marks corresponding to a grade and in turn equivalent percentage :
 - The marks assigned to a grade will depend on total number of grades being awarded by the concerned Institute/ University. Top most passing grade will be considered equivalent to 90 percent marks and lowest passing grade will be considered equivalent to 50 percent marks. For all other grades, the equivalent marks will be assigned in such a way that difference between adjoining grades is always same.
 - **Example:** If an institute awards 6 grades A+, A, B, C, D and E. Grades from A+ to D are pass grade with A+ as the highest grade and E is the fail grade. In this scenario, A+ will be considered equivalent to 90% marks and D (lowest pass grade) will be considered equivalent to 50% marks. The remaining 3 grades i.e. A, B and C will be equivalent to 80%, 70% and 60% respectively so that difference between adjoining grades is always same.
- (e) Persons in employment are not eligible for full-time programme unless otherwise prescribed by regulatory bodies and with the prior approval of the employer.
- (f) 5% relaxation in eligibility criteria will be given to North-East applicants i.e. applicants who have completed their Qualifying Exam or have Domicile from North East States (i.e. Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland and Tripura) and Sikkim. However this relaxation will not be given in programmes where the regulatory bodies have prescribed conditions.
- (g) 5% relaxation in eligibility criteria will be given to Indian Army, Indian Navy, Indian Air Force, Indian Coast Guard, Central Reserve Police Force (CRPF), Border Security force (BSF), Indo-Tibetan Border Police (ITBP), Sashastra Seema Bal (SSB), Central Industrial Security Force (CISF), Railway Protection Force (RPF), National Security Guards (NSG), Special Frontier Force (SFF), Assam Rifles, Border Road Organizations, General Reserve Engineer Force (GREF), Defence Research and Development Organization (DRDO), Military Engineers Service (MES), Defence Security Corps (DSC) and Ordnance Factory Board as per the following table:

Why should Residential Facility at University campus be preferred to PG or Rented Accommodations?

We have experienced in the past years that some of the parents/ students do not opt for residential facility at the time of admission and postpone this decision to look for other options. Though the University has a huge residential facility for the students, even then we have experienced the shortage of the same and when the parents/ students approach the University at the end, we are not able to accommodate them. So, in the interest of the students, it is advised that the residential facility should ideally be taken at the time of admission to avoid inconvenience at a later date.

It is also experienced that generally students push their parents to allow them to stay outside the University in the privately owned rooms (PG) shared accommodation, which apart from its safety concerns are also prone to temptation of many social evils, which at their young age appears to be very attractive but create harmful effects on the students in the long term. There may be a wrong belief that PG living as compared to residential accommodation living is cheaper, but when all costs are taken into detailed consideration, then it appears that PG living in fact is more costlier and time consuming to commute up and down, below given are the points to support it :-

Sr. No.	Residential Facility at University	PG/ Rented Accommodation
1.	Zero tolerance to Ragging, Alcohol, smoking, drug and disciplinary Misconduct: These are strictly prohibited within the University Campus.	PG/ Rented Accommodation cannot promise to curb such menace.
2.	Safety and security: Residential facility at campus is much safer and secure as 24 X 7 X 365 security is available and CCTVs are installed at all prominent locations throughout the campus. Security is in the hands of experienced security staff. Turnstile Gates: The entry to residential facilities are regulated through automated turnstile (as in metro railway) and biometric machines and data is saved in computerized data base to track the movement of students/ visitors.	Such kind of safe and secure environment is not provided in PG/ Rented accommodation.

Sr. No.	Residential Facility at University	PG/ Rented Accommodation
3.	Leave Record: With the help of online leave system parents may be made aware about the leave status/ movement of students through SMS.	Such facility is not be provided in PG/ Rented Accommodation.
4.	Hygienic Mess Plan: Mess in the residential facility provides good quality, hygienic, nutritious mess and multi cuisine menu served four times a day. Constant vigil over vendors is the prime reason for good quality mess plan at residential accommodation. There is an automatic chapatti making machine in every residential accommodation which is hygienic and time saving. Students also have the option of having their mess occasionally or for non-mess opting students at cafeteria provided within residential premises and at various strategic locations within the campus	In PG/ Rented accommodations, student may spend approximately ₹ 150 – ₹ 200 per day and can get into bad eating habits and moreover such mess is generally not hygienic.
5.	Medical Facility: University has 30 bedded hospital within the campus and 24 hours medical and Ambulance services are available. Hospital is staffed with Resident Medical Officers, Specialists, Physician Assistants, Medical Lab. Technologists, Nurses, Dieticians, Physiotherapists and Psychologists. Group Study: Students belonging to same discipline/ programme/ department may reside in the same residential accommodation of the University, and this provides an excellent opportunity to discuss assignments and be a part of group study by exchanging ideas and notes.	In PG/ Rented accommodation there is least possibility of having large number of students from same discipline/ department/programme. So the spirit of fellow feeling and group study may not be available in PG/ Rented accommodation.
8.	Power supply: 24 hours power supply through dedicated hotline and power backup is available at University campus.	In PG/ Rented Accommodation, student may face problem regarding frequent Power cuts and no proper backup for adequate power supply.
9.	Banks and ATM Facility : At Campus, we have branches of 5 nationalized banks. In addition, there are 55+ ATMs of different banks within the university campus..	One cannot find such facilities in the vicinity of PG/ Rented accommodation.

11.	Internet connectivity: Being a tech savvy University, students generally accomplish their work through internet. Internet connectivity for scheduled timings through Wi-Fi system for academic purposes is available at campus through leased line of 650 Mbps. Intranet facility is also available through which students can view the UMS, Academic records & results, Online Study material etc.	PG/ Rented accommodation may not provide such facility free of cost. Student may have to spend approximately ₹5000/- to ₹8000/- annually which is an additional monitory burden.
12.	Laundry facilities: Laundry services under hygienic conditions are available within the residential accommodations of the University at nominal charges. This facility also saves precious time of the student.	In PG/ Rented accommodation Laundry facility may not be provided at door step.
13.	Shopping Mall in the University Campus: University has a cosmopolitan style, multistoried, air conditioned mall—"Uni Mall" within University Campus. The Mall has a big departmental store including food court, book shops, stationery shop, sports goods, money exchange, music and entertainment, different showroom like Archies, Monte Carlo, HP etc. and other related service areas.	Such facilities may not be available even in the close vicinity of PG/ Rented accommodations and students may have to move to nearby areas for his/ her daily requirements.

Such facilities may not be available in the close vicinity of PG/ rented accommodations and students may have to move to nearby areas for his/ her daily requirements.
15.	Transportation: No extra time and money is required for transportation as residential facility is located within the campus.	Students generally waste their time and money while commuting on daily basis from PG/ Rented accommodation to University campus and may end up spending approximately ₹10000 to ₹12000/- annually.
16.	Earn while you learn: Certain part time jobs in labs, library, sales, shopping mall, etc. are provided to the students residing at University campus only. Jobs are available in shifts and may run till late night and students residing in university campus only can work in shifts and earn along with studies.	PG/ Rented accommodation does not provide such a unique facility.
